Summary

Thank you for the opportunity to quote MCN Outdoor's billboard portfolio. Based on the information you provided on October 13, 2026, this proposal outlines premium indications for two stages of your growth: the single structure you own today and the four-structure portfolio you expect to have by year end.

Today: 1 static structure
$795
premium on $70,000 replacement cost

Year end: 3 digital + 1 static
$12,804
premium on $1,200,000 replacement cost

Structures to be Insured

#	Location	Type	Dimensions	Status
1	8611 S Union Ave, Tulsa, OK 74132	Trivision (to be converted to digital)	14' x 48'	Owned now; digital conversion end of Nov 2026
2	4111 N. Lincoln Blvd., Oklahoma City, OK 73105	Static poster	10'5" x 22'8"	Ownership expected next month
3	10109 E 79th St, Tulsa, OK 74133	Digital	25' x 48'	To be built Dec 2026
4	300 Riverwalk Terrace, Jenks, OK 74037	Digital	24' x 36'	To be built Feb 2027

Premium Indications

Option	Structures	Replacement Cost Value	Annual Premium
A – Current	Single static (trivision)	$70,000	**$795**
B – Year end	3 digital + 1 static	$1,200,000	**$12,804**
Optional add-on	Business Interruption		**$1,007 per $100,000** of coverage

Business Interruption (Optional)

Business Interruption covers lost profit and continuing expenses, such as debt service, if a billboard is damaged or destroyed by a covered cause of loss. With projected gross revenue of **$624,000** for the October 1, 2026 – September 30, 2027 fiscal year, this protection helps keep loan payments and operations on track while a structure is repaired or rebuilt. The amount of coverage to select is to be discussed with MCN Outdoor.

Information Relied Upon

- Locations, type (3 digital, 1 static), and dimensions as listed above
- Replacement cost: $70,000 today; $1.2 million at year end with four assets
- Projected annual gross revenue, FY 2026–27: $624,000 (portfolio total; per-structure revenue not yet provided)
